SCHEDULE I

The Japan External Trade Organization (JETRO) is a wholly owned organization of the government of Japan and part thereof, created by special legislative enactment, for the purpose of promoting trade between Japan and other countries and to develop better economic and trade relations between Japan and such other countries. JETRO operates in the United States under the name of Japan Trade Center and its offices here are engaged primarily in economic and market research, dissemination of economic and trade information on Japan as well as trade show participation and its functions are believed to be similar to those of the United States Trade Center (of the United States Department of Commerce) in Japan and other foreign countries.

Some of JETRO's employees are drawn from local government units including those listed above. Some of such employees drawn from local government units are assigned to work in some of the branch offices of JETRO in the United States. Such persons are employees of JETRO and engaged in a variety of activities in the same manner as other employees.

Because the various local government in general have an interest in the trade and business informations gathered by JETRO through its branch offices in the United States, they are among the recipients in Japan of such information disseminated by JETRO. Such information is principally used by the local governments for dissemination to companies which qualify as small business in their area. Such small business generally do not have the means or resources to gather such business information on their own as do larger companies. JETRO employees who have had prior experience with business in the areas of such local governments, because of their familiarity with them, may be called upon in connection with their other duties to gather information for dissemination through JETRO to such governments. At all times, however, they act as employees of JETRO and do not represent these government as foreign agents in the United States. The local governments generally make annual contributions to JETRO for the purpose of reimbursing JETRO for expenses incurred in carrying out its functions.
